VADILAL CHEMICALS LIMITED

Vadilal Chemical Limited manufactures calibration gases traceable to National & International standards.

We provide our valued customers the certified accuracy (**Certified Accuracy +/-1% & +/-2%**) of any desired composition, as per their requirements. We blend mixtures using extremely accurate gravimetric methods using modern technologies and equipment. We provide outstanding technical services & support for specialty gases & gas mixtures. We have highly trained technical service personnel and production team. Our commitment to quality is best highlighted by the **IAS - ISO 17034:2016 CRM Producer**, **IAS - ISO 17025:2017 Testing Lab**, **NABL ISO/IEC 17025** accreditation, **ISO-9001:2015**, **ISO 14001:2015** & **ISO 45001:2018** certification for our manufacturing unit at POR GIDC, Baroda, Gujarat.

To emerge as a leading Asian Supplier of Pure Gases, Gas Mixtures, Imported Gases and Gas equipments with dedicated focus on Quality, Affordability,

Speciality Gases

High Purity Gases

Argon
Nitrogen
Carbon Dioxide
Helium
Hydrogen
Oxygen
Zero Air
Dissolve Acetylene
Ammonia
(High Purity Gases up to **300 Bar** refilling)

Liquified Gases

Liquid Argon
Liquid Oxygen
Liquid Nitrogen
Liquid Carbon Dioxide
Anhydrous Ammonia
Liquor Ammonia
Liquid Hydrocarbon
Mixtures

Toxic Gases

Carbon Monoxide
Carbonyl Sulphide
Hydrogen Chloride
Hydrogen Sulphide
Nitric Oxide
Nitrogen Dioxide
Sulphur Dioxide

Rare Gases

Krypton
Neon
Xenon
Deuterium - D2
Excimer Laser Gas
Lasal Gas Mixtures
IVF Gas Mixtures
KrF Mixture

Hydrocarbon Gases

Methane
Ethane
Ethylene
Propane
Propylene
Butane
1-Butene
1-2 Butadiene
1-3 Butadiene
Cis-2-Butene
Trans 2 Butene
Di - Ethyl - Ether
Di - Methyl - Ether
Vinyl Acetylene

Solar & Semiconductor

6N Grade Gases
Silane
Ammonia
Nitrous Oxide
Sulphur Hexafluoride
Dichlorosilane
Phosphine
Hydrogen Bromide
Fluorine
Carbon Tetrafluoride
Arsine
Diborane
